- One-key Operation
- Low Sugar
- 24H Appointment

Intelligent Touch control Clear interface and easy operation save effort ,Anti-scalding High quality non-stick pan liner, With low sugar function, it can make delicious healthy rice, less sugar rice is healthier

Company Profile

Ningbo EAP Electronic Technology Co.,Ltd is a professional, diversified, market-driven electrical products company. The headquarter is located in Ningbo city China, which is famous manufacturing and exporting center of various electrical appliances, mechanical electronics, electrical accessories---etc.

Since its foundation, EAP specializes in kitchen appliances, home appliances, health purifiers, smart electrical products---etc. Supported by our dedicated team of R&D, Design, Manufacturing, Quality controls, Marketing, Sales, and After-sales personnel, EAP has become one of the favorite partners among the customers around the worldwide.

EAP aims not only to be a product supplier, but also to offer total solutions in our products, supply chain & services. Till now, many of our products have passed the certificate CE, RoHS, ETL, EPA, FCC, CCC and others. And our services include OEM, ODM, packaging design, product consult, one-stop supply---etc.

Our products have been exported to more than 30 countries, such as USA, Canada, Brazil, Germany, Spain, France, Poland, Mexico, Singapore, Israel, Russia, Thailand, Indonesia, and so on. We have established a comprehensive quality control system that keeps products in accordance with the regulations of ISO9001:2000. Our quality control is implemented in every step of the production process.

"Make Life Easier!" - EAP is looking forward to strong and long-term cooperation relationships with all clients, and also to seek new business collaborations and opportunities for market expansion & diversification around the worldwide.

Certificate

Low Sugar Rice Cooker

Keeping Fit
- Reduce sugar intake into the body
Better to reduce fat and weight control.

Slow Down Aging
- Reduce glycated skin reactions,
and maintain the skin elasticity and vitality.

Disease Prevention
- Controlling sugar intake can
prevent heart disease and diabetes

The Advantages Of Low Sugar

How Low Sugar Rice Cookers Work

Step 1:Dissolution of Starch

When the water boils, the starch sinks into the bottom of the pot along with the rice soup and separates from the rice.

Step 2:Draining Sugar

The starch is filtered through hundreds of filter holes into the mother bladder, taking away a large amount of starch.

Step 3:Steam Rice

Steamed rice makes the rice fluffy and tastes better.
